

ACRYGEL[®]

UV HYBRID NAIL TECHNOLOGY

Offers the best of both worlds.

Combining the strength of an Acrylic with
the clarity of a Gel.

Encapsulation Workshop

Course Length: 1 Days

Time: 10.00am - 4pm

Course Cost: £65+VAT (exc. kit)

ACRYGEL®

UV HYBRID NAIL TECHNOLOGY

This unique UV Gel system is the latest innovative product to hit the nail industry, making it the only UV Gel system with added Acrylic strengthening capability. Create beautiful natural nails with the flexibility and clarity of a Gel along with the strength and durability of an Acrylic.

Odour free with no filing or dust, the healthier alternative to Acrylic nails.

What will the course cover?

Encapsulating, embedding and 3D nail art effects will be taught using the latest innovative 'AcryGel UV hybrid technology'. Combined with Imami Diamond Nail Art kits.

How will the course be taught?

Observation of practical skills will be performed during the course along with oral questions to clarify understanding.

What do I need to know before I start the course?

IMPORTANT - NO MODELS REQUIRED.

A manicure certificate would be an advantage but not mandatory. The dress code is smart/casual, no jeans or trainers. A uniform or tabard is recommended.

Should you wish to discuss course criteria and level of experience required for entry please call Michelle Porter on free phone 0800 083 7551.

Will I need to bring any materials? *Prices are subject to change
